Dear Tim:

Per our discussions on the discontinued GE TC-400 Town and Country Luminaire, we are extremely happy to inform you that the GE Lighting Systems Department has agreed to "start-up-the-line" again on a one-shot basis for the City of Fort Wayne. Our quote is as follows:

Item 1 - Quantity 50 or more

GE Catalog Number C691N508, Type TC400 Luminaire, 250 Watt High Pressure Sodium, 240 Volt, Auto-Reg ballast, Type V IES Distribution, without PE receptacle.

PRICE.....\$680.00 Net Each

Shipment is estimated at 8-10 weeks ARO. GE Standard Terms and Conditions apply. FOB factory, freight allowed.

NOTES:

1. This quote is valid only until November 10, 1989 and will not be extended. Please notify the GE-Indianapolis sales office immediately of an impending order.
2. Although the minimum quantity for GE to accept an order is (50), significantly larger quantities are acceptable.
3. LSD is able to make this unusual offer only because the original castings, etc., for the TC400 were discovered still intact. LSD will destroy these castings after this one-time-only offer. The TC400 line will absolutely be obsolete.

NOTICE: Sale of any products or services covered by this quotation is conditioned upon the terms contained herein (including those on the back of this letter). Any additional or different terms proposed by Buyer are objected to and will not be binding upon Seller unless specifically assented to in writing by Seller's authorized representative.

For this reason, it is our recommendation that the City of Fort Wayne purchase as many TC400 luminaires as possible. This is your final opportunity.

Please call me to discuss if you have any questions.

Sincerely yours,

Bob Calliotte
